Tips for Managing the Quarter System

- Get organized!**
Use a planner, online calendar, etc. to create to-do lists, prioritize tasks, manage homework assignments, and prepare for exams.
- Enhance your study skills!**
Build study time into your schedule. Enroll in a workshop from the Learning Skills Center for assistance with reading, note-taking, and other important study habits. Join a study group!
- Manage time wasters!**
Too much Facebook? Twitter? X-Box? Socializing with friends? Everything in moderation!
